

Baby Package

We are committed to protecting your child's health

Parental bliss at the birth of a child can hardly be put into words. But one thing you can do is get the right insurance: to

enable you to enjoy life as a family to the full, our Baby Package is there at your side – right from the very first second.

Helsana
Committed to life.

Insurance package for newborns

Babies have specific needs – not least where insurance cover is concerned. In addition to basic insurance, the Baby Package includes key supplementary insurance and offers comprehensive cover in case of illness and accident.

Basic and supplementary insurance in one package

Can be taken out before the child is born and without a medical examination

Free choice of doctor	BASIS basic insurance allows you to visit the doctor of your choice and to consult a specialist if needed.
Free choice of hospital	With HOSPITAL ECO hospital insurance, we will assume all the uncovered costs if you decide to have your child treated in the general ward at any hospital outside of your canton.
Complementary medicine	COMPLETEA supplementary insurance lets you choose from many forms of treatment such as shiatsu, osteopathy, kinesiology, Bach flower therapy or craniosacral therapy.
Coverage abroad	Thanks to the global coverage abroad under COMPLETEA supplementary insurance, you can travel to other countries with your baby without worry. In case something should happen, we will pay the costs for the outpatient and inpatient emergency treatments, transportation and rescue as well as repatriation to Switzerland.
Dental treatment	COMPLETEA supplementary insurance covers 75% of the costs of orthodontic treatment and maxillary surgical treatment as well as wisdom tooth removal up to CHF 10,000 per year up to the age of 20. DENTAplus BRONZE dental insurance also contributes towards dental treatments such as fillings for cavities, extracting wisdom teeth or check-ups, including dental hygiene.
Legal expenses cover	The civil and motorists' legal expenses cover under our Helsana Advocare PLUS legal expenses insurance is the optimum supplementary insurance for legal expenses cover in health matters and for travel abroad, which is included in COMPLETEA supplementary insurance. Helsana Advocare EXTRA is free for children up to age 18.
Disability cover	Accidents that result in a disability are particularly tragic when they happen to children. PREVEA Accident capital insurance helps you take care of the financial consequences of disability in order to provide a better future for your child.
Insurance upgrade after birth	The insurance policies above can be taken out without a health declaration where registering prior to the birth. Would you like to conclude semi-private or private hospital insurance for your child? Once your child is born, you can apply to upgrade their hospital insurance. To do this, you must complete a questionnaire on your baby's state of health. After a specialist has checked it, we will notify you whether your application has been accepted or rejected.

Here's how to reduce your premiums

Basic insurance
